

Project Update: Greenbriar Parkway Streetscape Improvement Project

**City of Atlanta
Department of Public Works**

Richard Mendoza, Commissioner

December 2014

**Project: Greenbriar Parkway Streetscape Improvement Project
Project ID#: 0004466 CD: 11 NPU: R Contractor: C.P. Richards Construction**

Description: The Greenbriar Parkway Streetscape Improvement Project is a pedestrian improvement project currently under construction along Greenbriar Parkway from Langford Parkway to the I-285 overpass. Improvements include the following: upgraded intersections (Greenbriar Parkway and Headland Drive); sidewalks; pedestrian lighting; street furniture; trees and landscaping. The project will also include gateway features located at the intersections of Greenbriar Parkway and Continental Colony Parkway and at Greenbriar Parkway and Headland Drive.

The Greenbriar Parkway Streetscape Improvement Project is coordinated in conjunction with the Headland Drive Streetscape Project (PI# 0006260)

Phase: Construction

Schedule Status: On schedule

Construction Start Date: September 2013

Funding Sources: Federal LCI (Livable Centers Initiative) & Local City of Atlanta Funds

Project Status: This project is substantially completed.

The Department of Public Works, in an ongoing effort to ensure that the community remains aware of progress being made with this project, will continue to keep the community informed through regular updates.
